Free tutoring services are available through Rho Chi, our National Honor Society of Pharmacy. If you would like to schedule a meeting with a tutor, please contact them by email at templerhochi@gmail.com

Students should schedule office hours with professors regarding any questions or concerns they may have throughout the semester. The Office of Student Services is also a resource for personal matters that may impact one's academic performance.

Please refer to our exam policy in the handbook regarding missed exams. In the case a student must miss an exam, an exam contract must be filled out within 5 business days by both the course coordinator and the student. This incomplete grade contract can be found on Canvas, within TUSP Community, Student Services. Once the form is completed by both parties, it should be sent to the Office of Student Services with payment included (check or money order only).
