## Option B – MS Degree Applicant

Students who intend to pursue the MS in Pharmaceutics or RA and QA

I have either applied or intend to apply to the Master of Science program. By signing this section, I am requesting permission to complete a maximum of one certificate (four or five courses) and have all of the courses apply to the MS degree, should I be admitted. *I understand the following:* 

- 1. I must submit my entire application to the Graduate Program no later than the end of my final certificate course.
- 2. Once I start my application, the materials will be held on file in the Graduate Studies Office for a maximum of 6 months. If I do not complete my application by the stipulated deadline, my file will be considered inactive and purged. If I subsequently reapply after 6 months, I will need to pay the application fee again and resubmit all of the application materials.
- 3. I must submit all materials as described on the Applying link of the RA and QA website: application fee and form, essay, resume, letters of recommendation, and official transcripts (including an official transcript from Temple U for RA and QA courses). (International students must submit additional items). My application will not be reviewed until it is complete.
- 4. A maximum of 5 courses will count towards the MS, only if they are part of a certificate. I may not continue to take courses in RA and QA or the Non-Thesis program beyond completing the 4 or

5-course certificate and have them be accepted for the MS. If I take more than 5 courses, the additional courses will not be counted towards the MS. My grades must meet the academic standards of Temple's Graduate School (grade of B or higher) to be counted towards the MS degree.

5. Once I am accepted in the MS program, I am expected to begin the MS the semester of my matriculation (acceptance) date. If I need to postpone my admission, I am responsible for writing to the RA and QA Office to ask for an extension on my admission for a **maximum of one year**.

requirements for the MS degree is_	o take as a non-matriculated student and have counted toward the semester hours. I intend to be a matriculated student before the
start of thes	emester (Please indicate Fall, Spring, or Summer, PLUS the year.)
